

# MILDURA CBD PLAN UPDATE

To All Interested Residents and Visitors

## Join Round 2 of the discussion about the future of our Mildura CBD!

**What?** As we promised during the Round 1 workshops held in late July, focused on visioning the future of our CBD, we're coming back to you with draft Directions to make sure we are on track to achieve the community's vision.

The Draft Directions Report will be available on Council's website from Monday 5 November 2018 to 3 December 2018, for comment.

**Why?** A lot has changed in the past ten years and we want to make sure we're still working towards what works best for locals and visitors to the CBD in the years to come.

**Who?** Everyone is welcome and that means you! If you live, work or visit the CBD, if you are a Mildura or regional resident, or visiting as a tourist, we would love you to share your views on the draft Directions, listen to each other's perspectives and help us refine them.

### How to get involved?

We invite you to participate in the discussion and come along to either of the two workshops on Monday 19 November 2018 or submit your ideas directly via Council's website and Social Pinpoint (see right).

*We would love to hear as many different perspectives as possible so everyone is welcome!*

Join us straight away by using our online interactive platform via the project webpage:

### Next Steps?

1. Your feedback and discussion will help us refine the preferred directions for developing the new CBD Plan.
2. Then, we'll need your help to make it happen!

For further information, please contact the Strategic Planning Team on (03) 5018 8419.

Based on your feedback during the last stage, here is what we have developed so far...

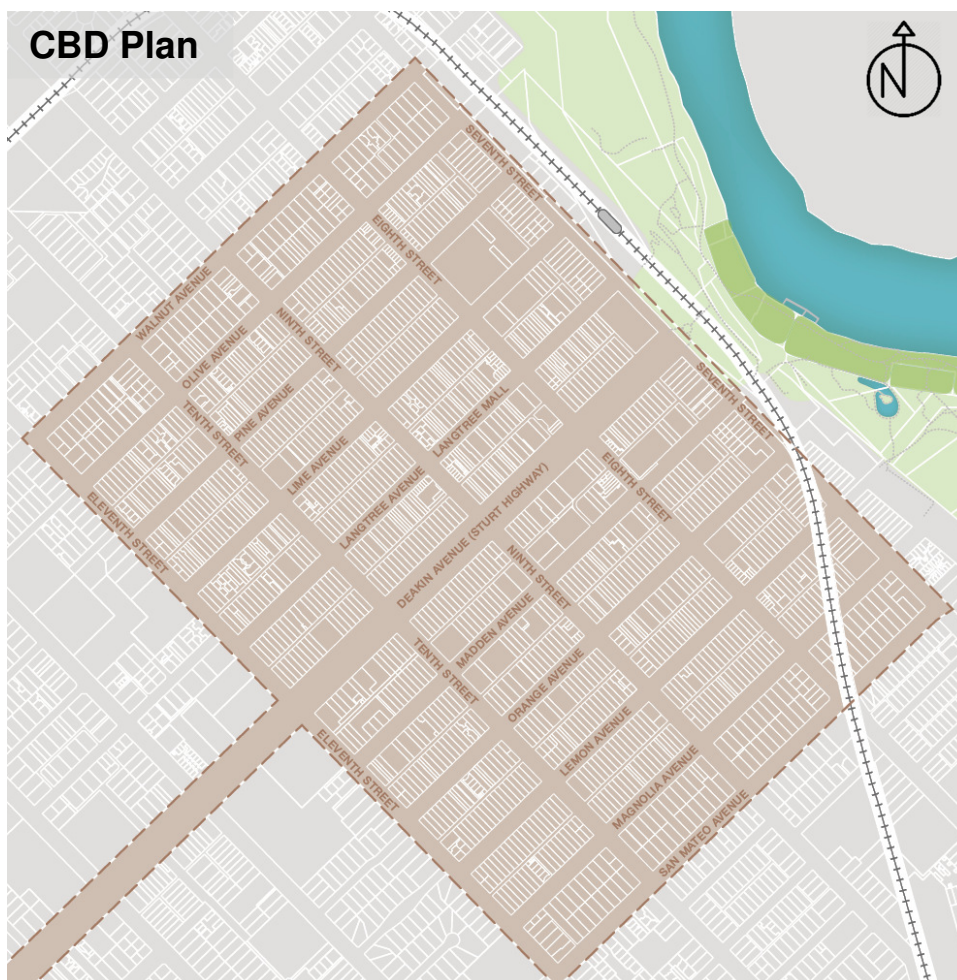

### Draft Vision

In summary, we understand that your vision for the CBD is: *'Mildura's CBD shall celebrate its distinct past and forge a resilient future, as the innovative and dynamic heart of both the community and the Sunraysia Region'*.

### Draft Directions

1. A distinct and dynamic CBD
2. A compact and connected CBD
3. An inclusive and people focused CBD
4. A resilient and sustainable CBD
5. A smart and collaborative CBD
6. An expressive and memorable CBD

**So please go online and take a look at the Draft Directions Report, to have your say!**
