

Community Partnership Grant Guidelines 2023 – 2026

Mildura Rural City Council

Introduction

The Community Partnership Grants program is a partnership between Council and local, community based agencies to support the delivery of local projects and programs that clearly improve the health and wellbeing of our whole community as well as a means to enable Mildura Rural City Council to achieve the goals of the current Council Plan,

The Community Partnership Grant is looking to enhance innovative and inclusive community programs and services rather than being the sole funders. The organisation must provide evidence of the need for the project and of their capacity to resource and deliver the project.

You are encouraged to read the guidelines and discuss your program/service idea with us before starting an application.

Funding will be for a period of up to three years. To meet the criteria for second-year funding, applicants will need to demonstrate how the first year has met the milestones outlined in the project plan.

The funding agreement for the Partnership Grant will specify that recipients must abide by the terms and conditions to receive funding for year two and year three where appropriate.
