They have been commissioned to conduct a community satisfaction survey on behalf of Council. This survey has been designed to assess the performance of Mildura Rural City Council across a range of services to identify opportunities for improvement and more effective service delivery to residents.

The survey will involve one hundred and fifty interviews conducted with a representative sample of residents each quarter.

We appreciate you taking the time to assist us with your valuable feedback. Please be assured that your details and individual responses are confidential. Only the overall results are shared with Mildura Rural City Council. If you have any questions, please contact us on 03 5018 8100.

Reviewing waste services in rural areas

In line with State Government reform, Mildura Rural City Council is reviewing its rural waste and recycling services, including the Millewa, Mallee Track and Lindsay Point areas.

All residents who do NOT currently have access to a kerbside bin service are invited to complete a short survey, to tell us about their waste disposal methods and how much waste they produce.

This information will help us better understand the waste management needs of rural residents.

You can complete the survey online and learn more about this project at yoursay.mildura.vic.gov.au/RuralWaste or by calling our Waste Education & Project Officer on 5018 8100. Hard copy surveys are also available upon request. Surveys close on 30 September 2023.
